DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1 and 3-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 is indefinite because it is not clear to the examiner how the logic works. What is being NANDed with what? It appears that the ANDed outputs are being ORed together, is this accurate? It is requested that applicant provide a diagram showing the logic gates with inputs corresponding to the equation. It may help to clear up the examiner's confusion. Correction or clarification is required.

Claims 3-8 are also rejected due to the deficiencies of the base claim.

Allowable Subject Matter

3. Claims 9-13 are allowed.
4. Claims 1 and 3-8 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
